

XAC Automation Corporation

15" POS Terminal

Compact Design

Powerful Payment Capabilities

Specification

- ◆ **CPU:** Intel ULV Pentium-M or Celeron-M with 400 MHz FSB onboard
- ◆ **OS:** XP-Pro, XPe, and WinCE
- ◆ **Memory:** SDRAM 256 MB (up to 512 MB)
- ◆ **Storage:** 1. CF 512 MB (up to 1 GB) or 2. HDD 30GB
- ◆ **Mini PCI:** Mini PCI Socket Supported
- ◆ **Display:** 15" TFT LCD Display (1024 x 768) with Resistive Touch Screen
- ◆ **Host Interface:**
RS232C x 1 (standard)
USB 2.0 x 5 (standard)
Power Jack x 1, VGA Connector x 1
SD Card Slot x 1
Mic & Speaker Jack x 1
- ◆ **Internet Connectivity:**
Ethernet 10/100 Base-T on Board
802.11 b/g, with Antenna (option available)
- ◆ **Magnetic Stripe Reader:** 3-Track MSR compliant to ISO 7811
- ◆ **Audio:** 4W Stereo Speaker
- ◆ **Dimension:**
390mm (W) x 290mm (H) x 50mm (T) (without stand)
- ◆ **Power:**
Universal AC Adapter 19V @ 4A Detachable
- ◆ **Environmental:**
Operating Temperature: 0°C to 60°C

- Thin-client for a smart, compact, and powerful design
- Multiple display dimensions offered to fit your specific needs, varying from 8.4" to 15"
- All-In-One design for user-friendly/versatile applications
- Adaptable to Mobile Technology
- Equipped with built-in Compact Flash, instead of HDD, providing faster access to data on the server
- Efficient power management with battery options to fit any mobile need

About XAC Automation Corp.

Founded in 1993, XAC (TAIWAN OTC Stock Exchange 5490) is a leading R&D/Manufacturing company focused on transaction automation devices. XAC develops key component modules and cost-effective secure platform architectures that can be leveraged to design customized solutions for its customers/partners. Today, XAC's technology can be found in: cost-effective POS terminals, high-end countertop payment devices, Electronic Cash Registers (ECRs), wireless "pay-at-the-table" devices, multi-lane consumer activated terminals, outdoor payment terminals, PIN pads, Smartcard peripherals, RFID readers, gaming machines, cashless ATMs, kiosks, and countless other solutions. With a flexible and efficient manufacturing infrastructure, "in-house" key components, modules, and technical design expertise, XAC delivers cost-effective, high-quality solutions to customers in a timely manner.
