SPECIFICATIONS

CPU

- Cortex M4

Operating System

- Embedded Linux

Memory

- 32MB Flash
- 128 MB RAM

Charger Contact

- Charging contact for xCL_E200NP

Wireless Communication

- WIFI 802.11 b/g/n
- Soft Access Mode & Client Mode

Expansion Ports

- Configurations:

- 1. Ethernet + USB host x 2 + RS232 x 2
- 2. Ethernet + USB host x 2 + RS232 + Modem

Optional Printer Module

- Tear bar
- Print width 48 mm
- 8 dot/mm, 384 dots per line
- Full graphic capability for logo, barcode
- Drop in maximum 52mm diameter paper roll design

LED

- Dual color LED for different device status

Power Requirement

- 12V/3A DC switching power supply

Environmental

- Operating temperature: 0°C to 50°C
- Storage temperature: 20°C to 60°C
- Operating humidity: 5% to 95% (non-condensing)

Accessory

- Paper Roll
- 12V / 3A Power Adapter and cord
- Quick user guide/safety instruction

Founded in 1993, XAC (TAIWAN OTC Securities Exchange 5490) is a leading R&D/Manufacturing company focused on transaction automation devices. XAC develops key component modules and low-cost secure platform architectures that can be leveraged to design customized solutions for its customers/partners. Today, XAC's technology can be found in cost-effective POS terminals, high-end countertop payment devices, Electronic Cash Registers (ECRs), wireless "pay-at-the-table" devices, multi-lane consumer activated terminals, outdoor payment terminals, PIN pads, Smartcard peripherals, RFID readers, gaming machines, cashless ATMs, kiosks, and countless other solutions. With a flexible and efficient manufacturing infrastructure, "in-house" key components, modules, and technical design expertise, XAC delivers cost-effective, high-quality solutions to customers in a timely manner.
